

## **The Changemaker Awards 2025**

Celebrating the Architects of Change | The Changemaker Awards 2025

This week, we had the privilege of hosting The Changemaker Awards 2025, an inspiring evening dedicated to those who stepped beyond the call of duty — identifying challenges, taking responsibility, and driving voluntary action to create real impact.

We were privileged to have with us our Chairman, Mr. Sunil Bharti Mittal, Co-Chairman, Mr. Rakesh Bharti Mittal, and esteemed partners from India and Africa.

From advancing education to building climate resilience, every changemaker honoured showcased how compassion becomes a force for transformation.

A big round of applause for our teachers using TheTeacherApp, Bharti Scholars, Satya Bharti School students, and our remarkable corporate partners who continue to set the benchmark for social impact.

Together, we are shaping a future where change is not just envisioned — but acted upon.
