

CREATING POSITIVE IMPACT ON SOCIETY

Bharti Foundation, the philanthropic arm of Bharti Enterprises established in 2000, has been making a significant impact in the field of education, in India. With a focus on primary, secondary, and higher education, the Foundation's flagship program, the Satya Bharti Schools, has been providing free quality education to underprivileged children, in rural India.

The Foundation also partners state education departments to transform government schools through Quality Support program and Quality Support program at Scale. In addition, the Foundation supports higher education initiatives with IIT Delhi, Plaksha University, ISB Mohali etc.

Bharti Foundation: Transforming lives through education

Bharti Foundation has been able to impact nearly **3 Million Children** in a meaningful manner through its programs **since inception**.

Since Inception: Reach of our education programs

30,00,000
Students**

1,51,000+
Teachers

27,000+
Schools

18,700+
Villages

58,00,000+ Total
Beneficiaries**

**Satya Bharti education programs and partner education programs
**Includes students, teachers and community member*

Glimpse of happy classroom at Satya Bharti School

Our Vision : To help underprivileged children and young people of our country realize their potential .

Bharti Foundation is committed to creating and supporting programs that bring about sustainable changes through education and use of technology

Our Belief:

- Happy, safe, and conducive school environment is key to facilitate holistic quality education.
- Learning outcomes balanced with aspects such as values, life skills, awareness about sustainability and sense of service towards community and country are key to bring up employable and responsible citizens

- **Knowledge & Expertise** of working in the rural education scenario.
- Program spans across **14 states** in India.
- Established **state-partnerships** to work in synergy with government programs in schools.

Satya Bharti Schools:

The Satya Bharti School Program has been the cornerstone of Bharti Foundation's efforts to provide free quality education to underprivileged children in rural India. Since its inception in 2006, the program has made a significant impact on underprivileged children, with a special focus on the girl child. We work towards delivering transformative, value based, holistic education for underprivileged children and equip them with skills and knowledge to become responsible, self-reliant and employable citizens of the country. The program also emphasizes on enhancing the learning experience with vibrant and engaging teaching learning materials, Digital Classrooms and Robotic Labs for future readiness. Investments are made to train teachers on innovative and impactful pedagogies.

173 schools in five states

[5 Senior Secondary, 30 Elementary and 138 Primary Schools]

38,965 students **1,346** teachers

Special focus on the **girl child (>50%)**

75 % SC/ ST and OBC

Our Alumni meets indicate that **94.4 %** students continue education after passing out of Satya Bharti Schools. Many of our students are joining defense services to serve the nation.

Social Impact:

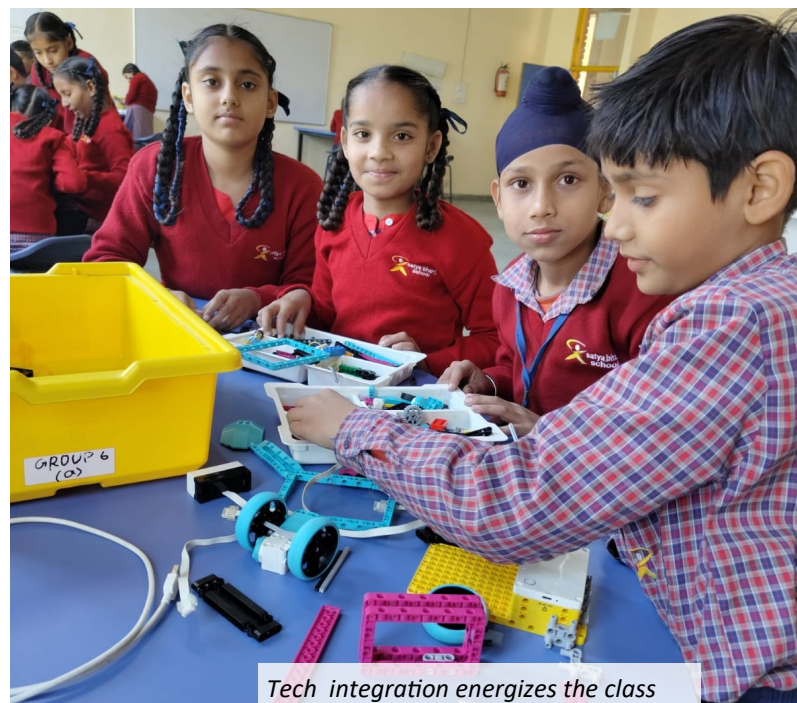

According to 2018 external impact evaluation:-

- ⇒ **81.1%** of children at Satya Bharti School are better at communication with peers compared to other school with 66.7%.
- ⇒ **91.5%** parents are satisfied with the education provided at Satya Bharti School as compared to 74.7 % of other schools.

⇒ Over **90%** parents from Satya Bharti Schools wish to continue education of their children in the school, as compared to 33% from other schools .

⇒ Aligning with NEP

- **Foundational Literacy & Numeracy (FLN)**- Training of non-teaching staff and teachers
- **Experiential learning**-Subject based trainings on experiential learning, creation and usage of low cost Teaching Learning Materials (TLMs).
- **Project Based Learning**- Integrated projects for summer holidays
- **Technology Use And Integration**- Digital Classrooms, Virtual Classroom, Robotics Labs and computer labs for students
- **Art Integration & Story based pedagogy**
- **Continuing Professional Development (CPD)** of 50 plus hours of training
- **Bag less days** during community volunteering week, celebration of important days, Bal sabhas, etc.

Our Program Design and SDG 4

Reaching the vulnerable

- Rural schools; Free education
- Marginalized communities
- Focus on girl child

Quality Education

- Holistic Development
- Learning Outcomes focus
- Activity-based teaching; TLM
- FLN, Remediation
- Life skills & Values
- Tech enabled learning

Sustainability awareness

- Community Service for impact
- Environment Campaigns
- Value education
- Girl-child campaigns
- Celebrating important days

Teachers' Quality

- Motivation & vision connection
- Rigorous selection
- Training & mentoring
- Need Assessment (Teacher Subject Knowledge Test , classroom observations)

Parents & Community

- PTMs & SMCs
- Parents as partners
- Community participation & Support

Child-Friendly & Technology enabled Infrastructure

- Safe & happy learning spaces
- Well-ventilated & bright rooms
- Separate, clean & working toilets
- Tech enablement and digital content – DCRs & Robotic Labs

School processes & policies

- School Operations Manual to empower teachers

Digital classroom to enhance learning experience

Quality Support Program:

Initiated in 2013, the program aims to improve the over-all school experience for students and teachers in Government schools in partnership with school leadership. It supports **children, teachers, parents** and **administrators** to transform schools into vibrant institutions by bringing in co- scholastic interventions.

Our Belief:

If schools become engaging and happy spaces, it would result in holistic development of students as they acquire leadership, communication, collaboration, and other important life skills. The Program currently partners with more than 800 Government schools across 11 States/UTs.

Student exhibiting projects to parents and community

808 schools

11 states/UTs

**3,08,679
students**

11,784 teachers

Four Pillars of Transformation

- Students' empowerment
- School leadership and teacher's engagement
- Parents & community involvement
- School environment.

We empower school leaders, **support NEP implementation**, and build life skills in students through various initiatives. These align with NEP's vision of preparing students for the future and giving them exposure to compete at a global level.

Impact

Recent impact assessment study on QSP has shown a positive impact on students and teachers. Post QSP intervention in the government schools were reported to have:

- **90% students** said that the Program interventions instilled a sense of ownership towards conducting events & activities
- Students efforts, talents, and skills being recognized is **2.5 times higher** in case, compared to control group.
- Students reported a sense of pride in their school. This feeling of pride is **1.6 times higher** in case school as compared to control schools.
- **79% of teachers** agreed to improvement in student attendance
- **81% of teachers** agreed to improvement in student enrollment

Complementing government's efforts in empowering students by supporting initiatives like, No Bag Day

Quality Support Program at Scale with state education Departments (aligned as per NEP)

Seeing positive outcomes in the partnered schools in Quality Support Program, many education departments/officers requested to scale up some of the processes covering government schools at the entire block or district level. Thus, **QSP at scale** was initiated with states like Rajasthan, Jammu and Assam. Areas of intervention focus on strengthening the implementation of **National Education Policy**. A few initiatives like building life skills in students through House systems, No-Bag Day, school leaders empowerment etc., are being implemented.

15,000+ Schools

75,000+ Teachers

17 lakh+ Students

641 Resource People

(data as on 31st March 2023)

Rajasthan: No-Bag Day to enhance children's learning and skills through various activities.

Jammu & Kashmir: Student Life Skills program to develop critical thinking, problem solving, communication skills, etc. in children through House-system.

Assam: School Excellence Program to improve school quality by fostering leadership among heads of schools.

TheTeacherApp (TAPP):

Teachers enhancing their skills using The TeacherApp

TheTeacherApp (TAPP) aims to 'help teachers uplift their schools'. It is our belief that happy & energized schools, engaged teachers, students and parents are key to school-transformation. The focal point of the platform is to empower teachers, school leaders and educationists with high quality, engaging content.

Objective

- Strengthen teachers' pedagogical approach making it integrated, holistic, joyful and engaging
- Support teachers in ensuring experiential learning by use of quality TLM and other resources.
- Bring on quality co-scholastic activities into schools leading to improved life-skills & other important skills in students

Feature of the App

- Grade and subject specific self-learning modules for teachers
- Short videos on low cost and no cost TLM & activities based on progressive teaching practices and more
- Webinars: theme-based as per teacher's needs, practical ideas; mostly on topics required by teachers
- Learning modules on hard-spots/ concepts as per Learning Outcomes (Los)

Alignment with NEP

- Integration of life skills and values across domains and grades
- Build understanding and support in achieving NIPUN Bharat targets
- Making education as experiential learning process
- To make classrooms interactions more enjoyable, creative and collaborative
- Help teachers adopt new pedagogical practices and strategies

Higher Education Programs:

Bharti Foundation has partnered many higher education institutions. It formed a strategic partnership with Plaksha University for creating world-class technology institution. The Bharti Academic Building as well as the Bharti Scholarship which is awarded to **20 students** from the university each year are the two key interventions.

Bharti School of Telecommunication Technology & Management was set up under the joint initiative with **IIT Delhi** with a vision 'to develop telecom leaders through excellence in education and research', Bharti Foundation supports the Scholarship program as well as holds Lecture Series for students with industry experts. For the batch of 2021-23, **eleven students** from **M.Tech** and **MBA** courses were given **Bharti Merit Award** for academic excellence. Bharti Centre of communication at IIT Mumbai nurtures knowledge in telecommunication and allied systems. The Bharti **Institute of Public Policy (ISB Mohali)**, partnered in hosting a **Convoke** for the year 2019. We are also supporting **Higher Education** through **Scholarships** by supporting children of **Satya Bharti Adarsh Senior Secondary school** and other meritorious students in their pursuit of **higher education**.

Saksharta Bharti Abhiyan, an initiative by Bharti Foundation, empowers children from underprivileged backgrounds to educate the family members during their summer vacation. This initiative not only instills confidence in the children but also imparts education to community members who never had the opportunity to study in a school before.
